

ESL PREPARATORY PROGRAMME

The ESL (English as a Second Language) Preparatory Programme in the Just English Centre is a specially designed course to prepare students for successful entrance into an English medium school anywhere in the world.

It is ideal for students who lack the basic English requirements to join English medium schools. This full time programme consists of three key stages of instruction: ESL Pre-prep; ESL Prep 1 and ESL Prep 2, with one term of instruction per stage. It uses the communicative approach of learning English, which develops the students' confidence and their overall language skills and proficiency.

PROGRAMME FEATURES

Specially developed learning materials to prepare students for entrance into English medium international schools.

Local and Foreign teachers.

Small classes.

Three key stages of instruction

One term for each stage. (1 term is three months)

Full time: 36 periods of 60 minutes each week.

Classes: Monday to Saturday.

GENERAL ENGLISH

WHY STUDY ESL prep?

English is the main language used in international schools and most established universities around the world. In order to study at one of these institutions, your language proficiency level determines your success. From essay writing to powerful presentations in the classroom, this programme aims to equip you with the ability to achieve excellence in your further studies.

Listening and Speaking

This interactive class aims at developing good listening and speaking skills, which include listening with understanding and speaking with fluency,

Grammar and Vocabulary

Grammatical structures and functions for spoken and written English are introduced in this class. Through stimulating activities, it provides challenging practice of the grammar forms. This class also includes vocabulary building exercises that will help in the comprehension of meanings in context.

Reading and Vocabulary

This class aims at developing students' comprehension skills and enriching their vocabulary. It uses interesting reading texts from a wide range of themes to suit a variety of readers. Students will focus on skills to help them understand texts of sentences, paragraph and passage levels.

Writing

Students will be trained to develop their writing skills by understanding the writing process. Multiple writing styles will be covered in the course.
